OUTLINES.

A dramatic scene was witnessed in Judge Dunne's court in San Francisco yesterday when he sentenced ExMayor Schmitz to a term of five years in the penitentiary for extorting money from restaurant keepers; he began to read a lecture to Schmitz when the convict interrupted him several times insolently telling him that he was there to be sentenced and to ask no favors and not to be lectured; Schmitz's attorney also interrupted and Judge Dunne threatened to send him to jail. ——In view of the forthcoming trial of the Tobacco Trust, the Department of Justice announces a new plan for busting trusts, which is to take hold of the trust, appoint a receiver and wind up the business if it is found guilty. ——At Chicago yesterday, the attorneys for the Standard Oil Company declined to submit any more evidence to Judge Landis, pronounced his methods most extraordinary and denied the jurisdiction or his court Judge Landis announced that he would sentence the trust An-3d. ——Upon complaint of Georgia Edwards, a colored woman from Chattanooga, against the Nashville Chattanooga, and St. Louis Railroad, in Georgia, the Interstate Commerce Commission he'd with court decisions that Jim Crow laws are constitutional, but railroads must furnish equal accommodations for negro's who pay first-class fare; the commission holds that the railroads unduly and unjustly discriminated against the woman——Dr. Julian P. Let's see. What was it that Mr. Rockefeller told Judge Landis in that Chicago Federal Court?

It is stated that King Edward, of England, is the hardest worker in that country. It is not stated whom he is trying to work.

"Courting should continue after marriage," says a woman who is writing for the press. Most married women believe that it will if she doesn't keep right after her husband.

After Mr. Rockefeller allowed himself to be caught, he went right into that Chicago court and acted like he would eat out of Judge Landis' hand if it was necessary.

Governor Hughes, of New York, recently said: "We want a damper put upon the man who insists on talking without thinking." Most all of us want a damper put on men when they are liable to interfere with our game.

Mr. F. G. Farquhar, of Pottsville, Pa., says, "Senator Knox will never hunt the nomination for the Presidency." Nevertheless, it will be a good idea for the Presidency to keep on dodging when Knox is hanging around.

Mark Twain has taken the trouble to deny that he is trying to marry his stenographer. We don't care whether he marries his stenographer or not, but he surely would get into trouble if he takes a notion to other peoples' stenographers.

Editor R. M. Phillips, of the Newbern Sun, says: "'Equal rights to all, and special privileges to none,' is the safe principle and the honest way." If this country had been guided by that principle all along there wouldn't have been so very many trusts to bust.

"We must take better care of our girls," says a Philadelphia paper. Well, we are doing the best we can. "We imported more than $41,000,000 worth of diamonds and other precious stones during the fiscal year ended June 30. It is said that more than 60 per cent. of the diamonds mined in South Africa were sold in this country. All of us are doing our best to see that our girls get a diamond.

Says the Savannah Morning News: "Mr. Bryan got a good deal of applause at the Tammany Fourth of July celebration. The out of-town speakers named him as the Democratic nominee for President, and his name called forth cheers. The Tammany leaders, however, didn't cheer. They didn't even smile. That is taken as an indication that Tammany will not be for Mr. Bryan for President." Gee! Bryan might take that as a good sign.

HEAT RECORD BROKEN

One Hundred Degrees Recorded Yesterday Officially By The Local Weather Bureau.

SUNDAY ANOTHER SCORCHER

Thousands Sought the Beaches For Relief From the Extreme Conditions Prevailing at the Time—Cooling Showers in Evening.

Yesterday was the hottest day on record in five years. This is official from Observer Felger, of the United States Weather Bureau, way up in the tower of the postoffice building. The maximum temperature recorded was an even one hundred. This was shortly after 1:30 in the afternoon, when a telephone message to Mr. Felger elicited the information that the mercury had climbed to 99 1-2 and was still doing stunts up near the top. The half a degree is not counted on the official record, but the figure is set down as the nearest whole degree that has been attained during the day. This was 100 for yesterday, and Mr. Felger says that is the maximum since 1902. On the streets it seemed much hotter, and private thermometers whch caught the reflection from paved streets and sidewalks recorded even higher figures, some of them as high as 105. The population simply sweltered and sought the shady side of the street when walking was absolutely imperative. Otherwise people grouped around electric fans and soda fountains. Those who did not have business engagements that required their presence in town sought the beach and the cars were pretty well crowded all day. In the early evening a thunder shower followed by a shower of rain served to allay the intensity of the heat to some extent, but it was quite warm all night and many complained of being unable to sleep.

The "hottest day" followed another on Sunday when negligee attire was not so common. For that reason many believed Sunday to have been more intensely hot than yesterday. Such, however, was not the case, as the maximum recorded by the Weather Bureau on that day was only 96. Florence and Goldsboro on Sunday recorded 100, four degrees above Wilmington. It is pitiful to contemplate what heights the mercury must have attained in those cities yesterday. On Sunday Charlotte, Raleigh and Newbern recorded 96, same as Wilmington; Greensboro was 97; Lumberton, 99, and Weldon, 98. High temperatures prevailed throughout the belt.

In Wilmington as early as 8 o'clock yesterday morning the thermometer officially recorded 83 degrees, while 86 was the reading at 8 o'clock last night. The minimum for the day was 77 degrees, with a mean of 88 for the day. It was quite hot all day, and the intensity of the heat was the sole topic of conversation. Unfortunately the fool killer did not pass this way during the day and put a quietus on the fellow who insists on asking "Is it hot enough for you?" It was a pertinent question, of course, but very irritating. Observer Felger is unkind enough to promise still further high temperatures today.

Sunday the travel to the beaches was unusually heavy. The steamer Wilmington was quite popular and many enjoyed the delights of a sail down the Cape Fear and a stay at Carolina Beach, while many others hastened to Wrightsville to escape the conditions prevailing in the city. In the afternoon the Consolidated operated express trains every half hour from 2 to 7 P. M., with an additional car to handle local traffic. It is estimated that between 3,000 and 5,000 people were patrons of the line during the day.

Paving With Wood Blocks.

On the north side of Princess, near Fourth street, Mr. Thos. W. Pritchard, of the Consolidated Company, is laying a section of the pavement as an experiment with a new creosote pine block, which is quite a favorite material on the streets in the North on account not only of their elasticity and durability but on account of their being practically noiseless. The blocks were made and creosoted at the power house of the company with a product of the Standard Turpentine Co., which is also being used on all the ties being put down for the Consolidated Company.

CHATHAM IS CHAIRMAN

Chosen by Democratic State Executive Committee at Raleigh Last Night. Insane Hospital Affairs. Changes Educational.

(Special Star Telegram.)

Raleigh, N. C., July 8.—After a session lasting from 9 to 11 tonight the State Democratic Executive Committee accepted the resignation of Senator F. M. Simmons as chairman and elected Hugh C. Chatham instead, Mr. chatham accepting with the distinct understanding that he will not be asked to serve until after the next State Convention. The resignation of Mr. Simmons was presented by F. S. Spruill. A vigorous opposition to acceptance developed, the vote finally being nineteen against for-four for acceptance. Then the contest was on the immediate election of a successor or having the secretary act until the next State Convention. A resolution by J. S. Manning that the secretary act was defeated.

Speeches urging the election of Hugh G. Chatham were made by R. A. Doughton, Paul B. Means and others. E. L. Travis was nominated by J. S. Manning who opposed Chatham because he is president of the North Carolina railroad. This opposition was withdrawn and Chatham election was made unanimous.

A committee was provided to prepare resolutions on the service of Senator Simmons as chairman.

State Superintendent of Public Instruction Joyner announces the appointment of C. H. Mebane as loan and library clerk and secretary to general educational committee to succeed R. D. Connor, who retires to take the secretaryship of the State Historical Commission. Mr. Mebane was State Superintendent of Public Instruction from 1897 to 1901. Mr. Joyner also appoints A. J. Barwick, formerly of Lenoir county, statistician and general clerk to succeed C. L. Coon, who retires to take the superintendency of the Wilson schools. Barwick is from the State University, taught at Kinsbury and Goldsboro and held the superintendecy of the Albany, Ga., public schools.

The State Hospital Commission this afternoon had Dr. Collier, of the Craig colony, Songea, N. Y., before it with reference to the establishment of a colony for epileptic patients on the Grimes tract of land recently purchased here. They decided to have Barrett and Thompson, architects, to visit Songea colony and with the advice of Dr. Collier prepare plans for the colony here.

SAMUEL H. MC RAE, ESQ.

News of His Death Received With Sincere Sorrow Here—Funeral.

Many friends in this city learned with great sorrow of the death of Samuel H. McRae, Esq., of Fayetteville, which occurred Saturday afternoon at a hospital in Baltimore, whither he had gone for treatment after a long illness only a short time before. The remains were brought to his home on Sunday and the funeral was conducted with the honors of his fellow countrymen from St. John's Church, in Fayetteville, yesterday morning at 10:30 o'clock by Rev. I. W. Hughes, the rector, assisted by Rev. Frederick N. Skinner. The remains were escorted to the grave by the Fayetteville Independent Light Infantry, of which he was a member, and also by the K. of P. and the bar of the city, which attended as an organization. The pall-bearers were Messrs. J. F. Harrison, L. A. Williamson, L. B. Hale, W. D. McNeill, W. E. Kindley, H. W. Lilly, J. V. McGougan, H. L. Cook, J. O. Ellington, John Underwood, E. H. Jennings.

Mr. McRae was the eldest son of ex-Judge and Mrs. Jas. C. McRae, of Chapel Hill, and was prominent in his profession as well as very popular personally. With him at the end at the Maryland Hospital in Baltimore, where he had been taken for treatment at the hands of a specialist, were his wife, formerly Miss May Broadfoot, of Fayetteville, and his father, who had just arrived from Chapel Hill at his bedside.

Mr. MacRae is survived by his wife and five children, all sons, five brothers, Dr. John MacRae, of Tampa, Fla.; C. F. and Jas. C. MacRae, Jr., of Wilmington; Theodore MacRae, of Durham, and Duncan MacRae, of Chapel Hill. He leaves, also, three sisters, Mrs. E. J. Lilly and Mrs. John C. Lamb, of Fayetteville, and Mrs. Robert L. Gray, of Raleigh.

VISITORS TO THE WASP.

Six Applications for Enlistment in the Navy Thus Far—Notes.

There were many visitors Sunday and yesterday to the U. S. S. Wasp, which is moored at Springer's wharf for recruiting service in the United States Navy. Visitors are received on board daily from 9 A. M. to 5 P. M., and between those hours all young men desiring to enlist will be received and given all information. A very attractive little booklet, "The Making a Man-o-Warsman," is being distributed to inquirers, giving all details as to the service. Commander Croghan and all men connected with the ship are very clever and entertaining and it is a pleasure for them to receive and talk with all inquirers. Thus far there have been six applications for enlistment and three have been accepted.

INSTITUTES COMING

Annual Gathering of Agriculturists and Ladies Interested Here Early in Augnst.

IMPROVED METHODS SHOWN

Truck Growers and Others Will Be Interested—Under Auspices of Agriculture—Noted Speakers are Announced.

Dr. Tait Butler, director of Farmers' Intitutes under the auspices of the State Board of Agriculture, announces that the annual institute for New Hanover county will be held in Wilmington on Thursday, August 8th, in the Court House. There will be several prominent speakers here in connection with members of the State Board of Agriculture and it is hoped not only to interest the people of the county in the meeting but many from adjoining counties who will find the train schedules to the city quite convenient to attend and return to their homes the same day.

In connection with the regular farmers' institute there will also be held an institute for the women from the farms and those interested in the work. One or two women speakers connected with the Department will be present and deliver addresses of special interest while members of the regular party will also speak. It is probable that a joint meeting of both the men and women may be arranged for the afternoon of the day of the institute. Dr. Butler says that the women have even greater problems and more perplexing ones in the home than the men have on the farms and he does not see why they should not come together and discuss these problems and get inspiration and help as well as the men. Ladies have attended the institute elsewhere and there is no record of where they have been present but that that they have become inthused.

Special attention will be given to trucking and the matter of marketing and preserving the crops at the institute to be held here. A programme is being prepared and will be announced later.

FUNERAL OF MR. WOODY.

Impressive Services Conducted Yesterday by Pastor.

In the presence of a large assemblage of friends, many of whom came from the community in which he lived, impressive funeral services were conducted at 10:30 o'clock yesterday morning by Rev. Fred D. Hale, D. D., the pastor, from the First Baptist Church, over the remains of the late John D. Woody, whose sudden death occurred at his home on Greenville Sound early Friday night. The floral offerings were many and very pretty and the funeral hymns were sweetly rendered by the church choir. From the church the large funeral cortege moved slowly to Oakdale cemetery, where all that was mortal of the deceased gentleman was laid to rest. The pall bearers were: Messrs Samuel G. Hall, D. L. Gore, N. M. McEachern, R. L. Orrell, T. O. Bunting and Owen Fennell.

Messrs. E. G. and Samuel S. Woody, of New York, arrived Sunday night to attend the funeral of their father, having been unable to get here earlier. Other out-of-town relatives who came were Mr. Wm. J. Woody, a nephew, and Mrs. W. J. Woody, a niece of Savannah, Ga.

SUIT AGAINST COAST LINE.

LaFayette King, Young Man of This City Asks $10,000 Damages.

Through his attorneys, Messrs. Woodus Kellum and Herbert McClammy, young Mr. LaFayette King, of this city, yesterday in the Superior Court instituted suit in the Superior Court against the Atlantic Coast Line Railroad Company for damages by reason of injuries received by being mashed between two cars on the yards in this city on the 10th of last November. While the complaint has not yet been filed it is learned that the amount asked will be $10,000 and that permanent injuries internally will be alleged. Mr. King was engaged at the time in removing seats from a coach to the upholstering department of the company shops and while between two strings of cars, a locomotive came back on one of them catching him between the bumpers and injuring him severely.

Married Last Night.

At the home of Mr. Louis Tyndall last night at 8:30-o'clock, Rev. A. J. Parker, pastor of Bladen Street M. E. Church, very happily united in marriage Mr. Albert C. Brown, a popular young employe of the Coast Line shops in this city, and Miss Minnie Walker, a daughter of Mrs. Sophie Walker, of Wilmington. The bride and groom were attended by Miss Lanetta Tyndall, with Mr. J. D. Brown; Miss Maggie Pearce, with Mr. D. E. Futch; Miss Eunice Allen, Mr. Louis Tyndall and Miss Callie Pearce, with Mr. J. A. Sallings. Mr. and Mrs. Brown will reside at 1215 North Fifth street.

INDICT THE RAILROADS

Judge Long's Instructions to Grand Jury in Wake Superior Court. Pending Litigation Before Judge Pritchard Disregarded.

(Special Star Telegram.

Raleigh, July 8.—Judge Long in charging the grand jury of Wake Superior Court today directed the jury to indict the officers or agents of any railroad for violating the new 2 1-4 cent passenger fare act, the violator in each case being subject to fine or imprisoment in spite of any suit pending in the Federal Court. This means that indictments will probability be returned against the Southern which is the only road violating the act in this section.

By Asoociated Press.

Raleigh, July 8.—On the second of March, 1907, the Legislature of North Carolina passed an act effective July 1, 1907, prescribing the maximum charge of transporting passengers on railroads exceeding sixty miles in length, at 2 1-4 cents per mile and creating a penalty of $500 for every violation and making it an indictable misdemeanor for any agent of the railroads to demand or charge a greater rate.

Judge Benj. F. Long, of the State Circuit Court, today in passing upon the statue holds:

That the law is in effect since July 1, 1907, and he instructs the grand jury to indict every violator.

2. That it is presumed to be constitutional until the contrary is shown by offending railroads.

3. That no court has jurisdiction in indictments for the violations except the Superior Courts of North Carolina.

4. That if the State Superior and Supreme Courts should both hold the act not repugnant to the Federal constitution the Federal Supreme Court could re-examine the decision upon writ of errors at the instance of convicts under the act.

This decision following close after Circuit Judge Pritchard's injunction of the State officers, presents new and interesting phases of the rate litigation and the report of the grand jury is awaited with interest as the Southern Railway and the Atlantic Coast Line are selling tickets at the rates and giving rebate slips to passengers to be good if the law is held to be valid.

MOORE'S CREEK CELEBRATION

Annual Reunion There on August 15th —Champ Clark Invited.

The annual celebration and the dedication of the new monument to the heroic women of the American Revolution at Moore's Creek battleground will take place Thursday, August 15th. Hon. Chas. R. Thomas will be present and take part in the exercises and has assurance from Hon. Champ Clark, of Missouri, that he will be present and deliver the address. President Jas. F. Moore, of the Moore's Creek Monumental Association says that the good women of Pender have made the dinners at these annual meetings a very enjoyable part of the exercises and as this monument is erected to our Revolutionary maternal ancestors he hopes that every woman in Pender will strive to make this dedication a decided success. A programme of the day will be published soon. The annual meeting of the Association will be held on the grounds, Thursday July 11th at 2 P. M.

AN IMPROVED ICE MACHINE.

Mr. Wm. E. Worth Installing Plant at South Rocky Mount, N. C.

Mr. William E. Worth, of this city, is dividing his time between his home in this city and South Rocky Mount, where he is having installed in connection with the plant of the Southern Ice Company, an additional and a very materially improved ice machine, which is so economical in its principles that it will use the exhaust steam from the established plant in making 50 tons of ice per day, doubling the capacity of the present factory there. This new machine is one of the latest inventions in the manufacture of the cold product and there are only three of them in the South—the one just installed at Rocky Mount, at Petersburg, Va., and Brainbridge, Ga. Mr. Worth is very enthusiastic over the new machine and will personally look after the additional plant until it is in good working order.

A Veteran Odd Fellow.

A good friend of the gentleman named reminded a reporter that yesterday was the 62nd anniversary of the initiation of Mr. Richard J. Jones into Cape Fear Lodge of Odd Fellows, of this city. Mr. Jones is now Grand Treasurer of the order. At the time of his initiation into Cape Fear Lodge there were 137 members. Now Mr. Jones is the only living member of the lodge at that time. His years rest upon his shoulders lightly and a host of friends hope and expect to see him live to see many more anniversaries like that of yesterday.

White Workmen Injured.

John Griffith ,a white workman employed in building the new railroad bridge of the Atlantic Coast Line across Smith's Creek, was severely injured yesterday about noon as the result of a heavy iron beam falling across his ankle. He was carried to his home at northeast corner of Fifth and Harnett streets where Dr. D. W. Bulluck attended him.

EQUALIZING VALUES

County Board of New Hanover Began Its Sessions Yesterday Morning.

CONTINUES DAY TO DAY

Some Tax Values Reduced While Others are Increased—Board Heard Many Complaints From the Property Owners.

The Board of Equalization composed according to law of the members of the Board of Commissioners and the chairman of each of the township boards of assessors, met yesterday morning at 10 o'clock in the main auditorium on the second floor of the Court House and at once began their duties in going over the valuations put upon real and personal proberty for taxation by the assessors during their rounds the month of June, equalizing the assessments and hearing complaints of property owners as to overvaluations.

The board as organized yesterday is composed of Chairman D. McEachern and Messrs. Alexander, Divine and Robertson, of the Board of Commissioners; Capt. Louis Belden, assessor for Wilmington township; J. Herbert Johnson, of Cape Fear; C. H. Alexanander, of Harnett, Owen Martindale, of Masonboro, and Jno. A. Bibble, of Federal Point township. The The chairman read the act prescribing the duties of the Board, which are not only hearing of complaints and reduction of assessments but the increase of same provided the judgment of the entire Board is that the assessments are too low. If property owners have a grievance they are asked to come forward as soon as possible and present the same, else it will be taken that the amount named for taxation by the assessors is satisfactory. There were a large number of applications for reductions yesterday. While some were granted,others were denied, the object being to so fix the values on all property that the burden of taxation will be felt equally by all. The work yesterday was largely confined to Cape Fear township lists. A few reductions were granted but a great many more increases were made Notable increases were in the large land holdings of Mr. D. L. Gore in that township and in the plant of the Angola Lumber Company, which is situated just outside the city limits. The increase in the latter property was from $32,500 to$60,000 and the officers of that corporation were ordered to be so notified.

Mr. W. R. Barksdale was present and protested against the valuation of $20,000 recently placed upon the new tank erected at Second and Brunswick streets, presenting figures of the actual cost of the structure. The assessment was reduced to $12,000.

At 1 o'clock a recess was taken until 3 P. M. At the latter hour the Board reassembled and continued its work until 5 P. M. when a recess was taken to 10 A. M. today.

Mr. Walter Smallbones, superintendent of the Wilmington Warehouse and Compress Company, appeared before the Board in response to summons issued at the last meeting of the Commissioners for the purpose of ascertaining from him the goods stored by his company for various persons on the first day of June. Mr. Smallbones first questioned the right of the Board to require him to furnish such information but the chairman read the law upon the point and Mr. Smallbones gave the list, consisting mainly of fertilizers, bagging, salt and the like for interior shipment. It was assessed against the various owners for taxation. Later J. O. Carr, Esq., of the legal firm of Rountree & Carr ,appeared before the Board as counsel for the Coe Mortimer Company, ofCharleston, S. C., who had fertilizer stored there on the first of June. Mr. Carr said that the property was taxed by the fertilizer tag system and he did not think that an additional tax was required. The members of the Board said they would consider the matter further but differed with Mr. Carr as to the liability of his clients for the tax. Only about 400 bags of fertilizers are involved. It was stated that Mr. F. A. Fetter, Jr., of the Seaboard Air Line, would later appear and give the information as to property stored with his company on the first of June.

Police Court Yesterday.

There was a falling off in the number of Monday penitents in the police court yesterday, none of the cases being of more than passing interest. Laura Hardie, colored, of Second and Brunswick streets, was given 30 days on the farm for disorderly conduct and an additional 30 for vagrancy. The other defendants escaped with fines of $5 except William Harris, colored, of the City Livery Co., who was taxed with $10 for a second offense of drunkenness.

Mrs. Worth to Speak.

The Ladies' Foreign Missionary Society of the First Presbyterian Church will hold its regular monthly session this afternoon at 5 o'clock in the church parlors. Mrs. George C. Worth will address the meeting and all ladies of the congregation are cordially invited.

COAL FOR THE FLEET.

It seems that under about 39 years of Republican rule the merchant marine of this country is in a bad condition. This is emphasized by the fact that it will not be able to carry the coal for the great naval expedition to the Pacific. The subsidy advocates are taking advantage of it to get in their work on Congress for the passage of the ship subsidy bill, but the Washington Post points out a better way. Says the Post:

"If the Navy Department escapes the embarrassment attending the employment of foreign vessels to carry coal for the great battleship fleet on its trip to the Pacific, it will be lucky. It is very probable that one of the striking incidents of the transfer of the fleet will be the disclosure of the fact that the government is dependent upon foreign vessls to handle its coal supply. The squadron now on the Pacific coast is short of coal and a supply is being sent to it in vessels flying foreign flags.

"Domestic shipowners and other advocates of a ship subsidy are quick to seize upon this fact as proof of the necessity for a subsidy. The claim is made that plenty of domestic vessels are available, and that the government has no right to hire foreign ships at a lower rate than is quoted by American shipowners. A curious argument against the use of foreign ships is made by the Seattle Post-Intelligencer, which insists that the carriage of coal to the Pacific coast is interstate as well as coastwise commerce, and that domestic shipowners dare not quote a lower rate to the government than is quoted to other parties. Inasmuch as the law requires coastwise business to be carried in American bottoms, the Seattle Journal holds that the government is violating the law when it employs foreign vessels.

"All of which is foolish and beside the point. The law authorizes the President to employ foreign vessels for coal carriage whenever domestic shipowners combine to raise rates, or whenever there is an emergency, which, in his judgment, requires the employment of foreign vessels. It may be that domestic shipowners have not entered into a combination to extort money from the government. But there is a screw loose somewhere. Domestic shipowners cannot exact high rates from the government under the plea that they dare not lower their rates for fear of the Intrstate Commerce Commission. Such a plea is nothing less than a crude, clumsy falsehood. Shipowners are perfectly free to acept any rate they can get. The truth is that there are no American vessels available to cary coal for the navy at a reasonable rate. Either there is an actual shortage of ships or there is a combination to extort high rates. In either case the government is justified in employing foreign ships.

"The fundamental reason why foreign ships are carrying coal for the American fleet is that American ships cost more than foreign ships. The remedy for this condition is not in paying a subsidy to the few American ships already built, but in permitting American citizens to place under the American flag any ship wherever built. If the American people really want a merchant marine under the American flag, there is an easy way to get it."

There are a few other ways by which the Republican party might relieve the shipbuilding industry, but the subsidy scheme is about the only thing a Republican can think of. That party ought to keenly feel the humiliation that is justified by the fact that our merchant marine is not able to carry freight when there is plenty of it offering now as well as in the past.

OUR NAVAL MOVEMENT.

Keen interest is felt in Europe over the announcement that the United States will send its Atlantic fleet to the Pacific. Cablegrams on Sunday from The Hague state that the sentiment of the delegates to the Peace Conference regarding the question that has arisen between the United States and Japan is that the situation is unfortunate for both countries, as the original incident causing tension between the two countries is disproportionate to the grave results which may follow. The question, the delegates think, is likely to create a hostile atmosphere, endangering their reciprocal commerce, to which the former friendly relations had opened vast fields. Although the sending of a fleet by the United States to the Pacific coast cannot be interpreted as a threat it is generally admitted by the delegates to the Conference that such action may give rise to dangerous popular excitement, which the administration of Washington might not be able to control. The Spanish representatives say that the United States has now found a hard nut to crack. The Russians remark that the predictions of Witte that the next war will be between Japan and the United States is approaching realization. The English, French and Japanese delegates believe that both government—at Washington and at Tokio—sincerely wish to reach an understanding and will not be influenced by jingoism. Some of the Germans at the Conference are of the opinion that the situation may lead to an American-German entente, which, while preventing the isolation of Germany, would be the strongest compact against British supremacy that could be made.

At London and Paris the European diplomats regard the tension between the United States and Japan as serious, but none of them believe that it will reach the stage of warfare, and it is further considered that the questions at issue are not of a character to bring on war, and are easy of adjustment. Berlin cablegrams, however, state that the conviction of an ultimate conflict between Japan and the United States is widespead in Germany. The notable sentiment in Germany is for an entente between that country and this.

On top of it all comes a Washington dispatch on Sunday stating that it is semi-officially confirmed there that the Japanese government will not consent to the renewal of the present treaty if the United States reserves the right to insert a clause excluding Japanese Coolie labor from the United States. It denies that the United States has a right to make any discrimination between the laborers of Japan and those of any Nation in Europe. If this be true, there is every reason to believe that the relations between the United States will become of an irreconcilable character.

NEW ORLEANS IS KICKING.

The New Orleans Picayune says:

"Some days ago, in pursuance of special instructions by Judge Saunders, of the United States District Court in this city, the grand jury of that court took up the subject of complaints made by merchants and exporters of this city that the railroads and steamships of this city had combined to give lower rates and better dispatch on shipments made from interior points for export through this city than are given on shipments from those points to the city.

"Yesterday the grand jury, through its foreman, Mr. Bloomfield, mode a report to the court, and in it was set forth a statement that such discriminatory rates as charged were of frequent or habitual occurrence, but under the terms of the Inter-state Commerce law complaint in the premises must be made to that body. Whether any complaints will follow that advice remains to be seen.

"It is plain that our people must stir themselves and take advantage of all the means in their power to fight the injurious discriminations that have so long been made against them, or submit without a murmur not only to the wrongs now inflicted upon them but to expect many more which their tame submission will invite."

CURRENT COMMENT.

—If the Japanese are really going to insist upon a scrimmage with this country, they must not expect to borrow the money of us to pay their part of the expenses of it.—New York Mail.

—The Ohio capitalist who was was swindled while trying to swindle a gambling house will obtain as much legal redress as he deserves sympathy No one but himself ever sorrows for "the biter bit."—Philadelphia Press.

—A North Carolina physician has made the assertion that the birth rate in that State is higher than it has been for fifty years. Evidently the Tar Heels have grown tired waiting for foreign immigrants to populate their State.—Washington Post.

—Baltimore has abandoned its municipal lighting plant because a private company offered to supply the same illumination at one-fourth the city's cost. And the two American Dreadnought contracts have just been awarded to private bidders because they underbid the navy yards, although the private bidders reckoned upon a prifit and the navy yards estimated at cost. The municipal ownership faddists must redouble their arguments if they are to contend with day to day facts like these.—New York Times.

—When the Republicans of New England united to demand free raw materials, even if they have to elect Democratic Congressmen to obtain them, and the Republican leader of Iowa ridiculing stand-pattism as merely a "cheap and miserable maxim, stolen from the language of a great American game," we wonder what are the thoughts of the statesman of Oyster Bay. How long will he continue to shirk the duty which he professes to be ready to undertake when he assumed office in 1905? How long will he shrink from following his own impulses to demand on honest adjustment of tariff inequities and continue to accept the timorous counsels of Cannon and Lodge?—Rochester Herald (Dem).

—If the Tobacco Trust was in politics in 1904 the proability is that it is in politics today. The President's revelation regarding this trust's activity in 1904 may be taken as an indication that he believes it to be in the "conspiracy" with Harriman, Penrose and others to prevent his control of the next Republican National Convention. In a great contest of this sort what a powerful weapon a Federal Administration has in the anti-trust law—a weapon that can be held in reserve or be wielded for political purposes at the discretion of Executive authority. It is one of many illustrations of the danger that lie in a centralized system of government subject to the caprices of one man power.—Buffalo Courier (Den).

That the rights of women are in a fair way to be very much restricted in several essential matters is beginning to appear quite clear. In Pittsburg they are forbidden to ride upon the front seats of street cars, lest they shall embarrass the moterman, too prone to look at them and converse with them to the neglect of his proper occupation. On the heels of this announcement comes the news that Ocean Grove is not to have chewing gum. It resembles tobacco in that it requises much mastication, and this is adjudged to be an unbecoming and, we should infer, an immoral exercise. Thus are serious attacks made upon individual liberty on the very eve of the anniversary of the Declaration of Independence. Such restraints are likely to prove very onerous, and they do not seem just. If women wish to vote and go out on the cross saddle, it is a fair matter for protest, but why, in common chivalry, should they not ride where they please on street cars and chew gum?—Philadelphia Ledger.

—Nothing New For Him.—"I have read that some genius of a shirtmaker has invented a shirt without buttons." "Do you call that a novelty? I have worn them without buttons ever since my wife became devoted to the Cause of Women!"—Il Motto per Ridere.

AGE NO BAR.

Everybody in Wilmington is Eligible.

Old people stooped with suffering.
Middle age, courageously fighting.
Youth protesting impatiently;
Children, unable to explain;
All in misery from ther kidneys.
Only a little backache first.
Comes when you catch a cold.
Or when you strain the back.
Many complications follow.
Urinary disorders, diabetes, Bright's disease.
Doan's Kidney Pills cure backache.
Cure every form of kidney ills.

J. T. Ebert, formerly of 515 South Sixth street, Wilmington, N. C. says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back and the kidney secretions were dark and full of brickdust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills I went up to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her kidney secretions cleared up, she does not complain of her back, and in fact Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome."

FATAL ACCIDENT ON SEABOARD

Pullman Car Capsized and Aberdeen Lady Killed Near Kittrell, N. C., Sunday Afternoon—Three Other People Slightly In Injured.

(Charlotte Observer.

Raleigh, July 7.—In a wreck this afternoon on the Seaboard Air Line, 2 1-2 miles this side of Kittrell, Mrs. C. E. Harris of Aberdeen, was instntly killed, by being crushed between the rear Pullman car and the side of a low cut on a curve. The train was 41, southbound, and its speed was about 45 miles an hour. In the rear one of the two Pullmans were Mrs. Harris, her husband and 8 year old daughter.

Suddenly Mr. Harris heard a sort of popping noise under the car and instantly the rear trucks left the rails and the car turned over. Mrs. Harris was thrown out of an open window. She had grasped the hand of her little girl when the shock came. Conductor Cain and the crew and passengers smashed windows in order to get some of the passengers out. Mrs. Harris' head and body were mangled in a horrible manner.

The shock of the derailment was not felt at all in any of the other cars. The car which capsized went on the inner side of the curve, which was not a sharp one, thus showing the speed was not high. The only damage to the car was the windows broken in extricating passengers Your correspondent talked with Conductor Cain and Engineer R. H. Buckner, who agree in saying the accident was due to the "bucking" of the rails, owing to the heat, the buckling being to one side. The engineer felt no jar, whatever. Every car passed safely except the rear Pullman. Mr. Harris said his wife was thrown out of the window like a shot; that he saw her throw out her hands in a vain endeavor to stop herself.

Mrs. G. Seamons, of Barnesville, Ga., and her mother ,Mrs. W. D. Prout, were slightly injured in the back. The other passengers in the wrecked car were Mr. G. Seamons, of Barnesville, Mr. and Mr. E. F. Aydlett, of Elizabeth City; Misses Cora Brown and Idell Kimball, of Atlanta, and Civil Engineer C. E. Frink, of Portsmouth. There were only these persons in the car at the time, some having gone into the forward Pullman. The Pullman conductor was Redwine, of Monroe.

The body of Mrs. Harris was brought here and prepared for burial and will be tomorow taken to her former home Daleville, Ala., by her husband. Her age was about 30.

The accident made the train two hours late. Mr. Harris has been a civil engineer in the service of the Seaboard Air Line for several years.

LIFE AT VADE MECUM.

Apperance of Real Live Count—Doings at the Springs.

(Special Star Correspondent).

Vade Mecum, July 7.—A ripple of excitement was caused here yesterday when it was announced that a real lord and a count had arrived to spend somt time at this favorite resort. The guests who were down at the spring or on the lake or riding the tobaggon cut short their amusements and hastened to the hotels to get a glimpse of the distinguished visitors. Some of the young ladies were terribly frightened until they were assured that the visiting lord was not Lord Douglas, who created so much excitement at Asheville some time ago. Investigation revealed the fact that Vade Mecum's visitors, like the Asheville lord, were impostors being none other that Mr. Rainey Burton and another gentleman of Winston, who were "faking" with a view of starting some love affair with certain beautiful visitors here.

There is something doing here every day. There has never been a more delightful lot of guests at this resort, and card parties, dances, burro parties, picnics on the mountain and fishing parties make these summer days altogether delightful.

Mr. C. H. Dock, of Wilmington, and Mr. S. C. Burnette, of Reidsville, are the only sick guests and they are both rapidly improving. The rest of us are feeling fine and enjoying life immensely.

The hotel's register the past two days show the following new arrivals: Mr. and Mrs. Francis B. Kemp, F. B. Kemp, Jr., Miss Evelyn Kemp, Mayodan; Mr and Mrs. P. P. Mastin, Miss Neta Mastin, Messrs. Percy and Gray Mastin, Miss Mary Price, N. C. Fletcher and Mrs. Fletcher, Miss Olive Johnston, Misses Helen and Margaret Fletcher, Miss Helen Brown, Winston-Salem; H. T. Phillips, Lexington; Dr. A. H. Harris, Wilmington; Dr. R. H. Moorefield, Quaker's Gap; W. R. Mitchell, Samuel F. Shore, North Carolina; Mrs. J. L. Armfield, Lexington; Mr. and Mrs. O. F. Madison, Winston.

SUES FOR $7,500 DAMAGES.

Former Employe of Creveling-Van-Dyck Company at Excelsior Plant.

A complaint was filed yesterday in the Superior Court in which Jas. Outlaw, a former employe, brings suit through his attorneys, R. G. Grady, Esq., and Jno. D. Bellamy & Son, against the Creveling-VanDyck Company, which recently operated the excelsior plant on Point Peter, near the city, asking $7,500 damages for the loss of two fingers and the use of a hand while operating some machinery, alleged to be defective, at the factory some time ago. The amount asked is $7,500, which is for the loss of the fingers and eight months from his labor in consequence of the wounds received. The suit will come up for trial at the next term of court.

To Attend Bar Association.

Mr. George Rountree, the president, and Mr. Thos. W. Davis, secretary and treasurer, left this week for Hendersonville, N. C., where they will attend the ninth annual meeting of the North Carolina Bar Association which convenes tomorrow. They were accompanied by Mrs. Rountree and Mrs. Davis, who will spend some time in the mountains. The feature of the sessions of the Association will be the annual address by Judge Alton B. Parker, of New York.

Case of Smallpox Quarantined.

Dr C. T. Harper and Chief Quarantine Officer Robert Green yesterday quarantined a case of smallpox at the pest house, detaining four contacts. The patient is James Lewis, a negro fireman running on a freight train between Wilmington and Florence and living at 805 North Seventh street. The case was reported to the Health Department by the colored people themselves through Deputy Sheriff W. H. Cox.

Boys' Brigade Excursion.

There will be three trips of the steamer Wilmington today on account of the annual excursion of the Boys' Brigade to Carolina Beach. The excursion is given for the benefit of the encampment fund of the Brigade and the object is a most worthy one. A day of unalloyed pleasure is promised for every guest of the Brigade on the excursion today. The fare for the round trip is only 25 cents.

A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and billiousness, and keep the bowels right. 25c at R. R. Bellamy's Drug Store.

RECITAL MUCH ENJOYED.

Musical Last Night by Wilmington Lodge of Elks Great Success.

The musicale given last night by the Wilmington Lodge of Elks followed by an informal reception in the club rooms on the second floor of the handsome building, on North Front street, both events being complimentary to a large number of invited guests of members of the order, was a delightful success in every particular. The artists engaged for the occasion were Mr. Wilbur Schubert Schumaker, violinist; Herr Theo. Saul, pianist, and Mr. Jebine Wilson, vocalist. The recital took place in the lodge rooms of the building on the second floor and there were present something over two hundred guests, in addition to members of the order. All were charmed with the rendition of the excellent programme, which was of the highest class. Deserving of especial praise, according to musical critics, however, was the violin numbers of Mr. Schumaker. He is a thorough master of this "King of Instruments." and was heard with repeated encores, playing with technique and touch that was delightful. Herr Saul, the pianist, also gave infinite delight in his numbers, which were classical and rendered upon a fine Mathushek kindly furnishe by the Ludden & Bates Southern Music House, of this city. Mr. Watson, the vocalist, has a full rich voice, and also pleased his hearers greatly. The programme was of a high order, and was given perfectly.

Following the musicale the guests were received in the club parlors on the second floor at an informal reception, which gave much pleasure to all who attended. A Japanese effect had been prettily carried out in parasols and lanterns with a beautiful setting of palms and flowers in vari-colored receptacles. Dainty refreshments were served during the evening.

The committee of arrangements for the delightful affair was composed of Exalted Ruler Jos. F. Leitner, Dr. T. B. Carroll, Messrs. I. W. Solomon, L. Stein and H. M. Crosswell, while Messrs. F. P. Turrentine, J. T. Turner, J. P. Taylor and Geo. Honnet served as ushers.

"DOC" NUTT'S TRAVELS.

State Deputy Grand Pythian Chancellor at Elm City Past Week.

Speaking of a recent Pythian Rally in Elm City, the Mirror, of that city, has the following in regard to State Deputy Grand Chancellor J. D. Nutt, of Wilmington:

"And then Mr. James D. Nutt was introduced and he was greeted with great applause. He is always a welcome visitor to our town, and on this occasion everybody expected from him something rich, rare, racy, and no one was disappointed. His speech abounded in happy hits, wit and humor interspersed with wholesome food for thought. He is one of the 'big red ones' of the order, genial, clever gentleman and is happy in speech any and everywhere."

The Uncertainty of Life.

Mr. C. H. Alexander, of Harnett township, was in the city yesterday and was excused from attendance on the County Board of Equalization to attend the funeral of his friend, Mr. John D. Woody. Mr. Alexander in conversation with a representative of this paper yesterday afternoon paid a high tribute to the deceased gentleman and recited an instance in connection with his death. Mr. Woody and Mr. Alexander were in Wilmington the latter part of last week, and they parted for their respective homes, Mr. Woody asking Mr. Alexander to meet him here yesterday morning at 10 o'clock for the purpose of turning in their tax lists to the Board. Mr. Alexander came to the city and at the hour named by Mr. Woody for their meeting with the Board the former had the painful duty of attending his friend's funeral. Mr. Alexander said it was a sad illustration to him of the uncertainties of human life.

Architects at Jamestown.

The second annual meeting of the North Carolina Architectural Association which was organized in Wilmington last year, will be held Friday and Saturday of this week at the Jamestown Exposition. The address of welcome will be by President Harry St. George Tucker, of the Exposition Company, and the response will be by Mr. Jos. F. Leitner, of this city. An interesting feature of the session on Saturday will be an address by Mr. William H. Snow, of New Jersey, on the science of heating and ventilating buildings. Mr. Chas. Mc Millen, Mr. Carl B. Cooper and other Wilmington architects will attend the meeting.

Elks at Fayetteville.

A delegation of Wilmington Elks will leave on the A. & Y. train this morning for Fayetteville, where they will assist a delegation from the Raleigh lodge and District Deputy J. F. Ferrall, in the institution of a new lodge in that city. In the party will be Messrs. Jere Carewe, lecturing knight; F. P. Turrentine, esquire; Louis Goodman, Esq., lecturer; W. L. Wilkins, J. T. Turner and Jno. H. Niggel. They will carry a large amount of paraphernalia and will be prepared to care for the embryo Elks in most hospitable and entertaining maner.

Small Fire Last Night.

A curtain blew over a lamp at the residence of Mr. Spencer LeGrand, Second and Orange streets, last night, calling the Fire Department out in response to an alarm from box 43. The flames were extinguished, however, without the aid of the firemen, the damage being about $15 or $20.

HONOR OF MR. MC RAE.

Law Department at University Suspended Lectures Out of Respect.

(Special Star Telegram.)

Chapel Hill, N. C., July 8.—Out of respect to the memory of Hon. Samuel Hinsdale MacRae, son of Judge James C. MacRae, dean of the law department at the University of North Carolina, lectures were suspended today during the afternoon.

Every member of the class learned with deep regret of the death of Mr. MacRae, and a message was sent to Judge MacRae, who is honored and beloved by the entire class, expressing to him the deepest sympathy in his bereavement.

New Front Street Building.

Messrs. Leitner & Wilkins, architects, have prepared plans for the erection of a new building to be used as a drug store for Dr. Charles T. Harper, on the northwest corner of Front and Castle streets, the same to cost about $3,000. They have also made plans for remodeling the store of Mr. I. Shrier, on North Front street, now used as an annex by I. M. Bear & Co. A handsome front will be put in and the building divided into two handsome stores.

No Wonder the Son Was Surprised.

A melodrama was some years since played in a certain theater, the chief actor in which had made himself, from his overbearing conduct, disliked by one and all. In the last scene he was supposed to visit the tombs of his ancestors. In the center of the stage, upon a marble pedestal, stood the statue of his father. A heavy fold of drapery covered the figure.

Enter Albert. "Once again," he says, "let me gaze upon those features which in life so often beamed with tenderest affection. Father, thy mourning son now comes to pay thee reverence. Let me remove the veil which from vulgar gaze shields the image of a once dear parent."

The drapery fell aside, and, behold, the father stood upon his head! The effect cannot be described. It was electric. The shouts of laughter which followed effectively put an end to the scene, which changed to the next as quickly as possible amid the bravos of the audience, the anger of the manager and the uncontrollable rage of the actor.—London Tit-Bits.

A Painter's Odd Ways.

Alfred Hunt was at the same time both a very slow and a fastidiously punctilious sketcher from nature, a combination which is said to have hastened his end, for he had a block for every hour of the day and every condition of weather, and, overladen with these, he would often trudge a lengthy distance to his work. He would then start, say, on an incomplete morning effect in sunshine, to be cast aside for a similar subject in shadow if the scene clouded over or for a noonday one directly that hour was reached. It is said that he consequently sometimes carried as many as a dozen varieties of the same view.—St. James' Gazette

BAD AUTOMOBILE ACCIDENT.

One Man and Two Women Seriously Injuried.

(By Wire to the Morning Star.)

New York, July 8.—Dr. Julian P. Thomas, the aeronaut, lies in a serious condition at Fordham Hospital today suffering from a compound fracture of the leg and internal injuries received in an automobile accident last night when the machine, carrying the aernaut and two women companions, crashed into a trolley pole in the Bronx. Physicians said today that Dr. Thomas might have to suffer the amputation of his leg.

Miss Florence Haas, an actress, who with Miss Grace Rogers, was with Dr. Thomas when the accident occurred, was so seriously injured that physicians amuptated her leg today at Fordham Hospital. Miss Rogers was injured internally but brobably will recover.

Dr. Thomas and his friends were travelling at a high rate of speed down Jerome avenue last might. Near the entrance of Woodland Cemetery, the road makes a sharp turn, whch the aeronaut evidently did not see in the darkness. The machine crashed into a heavy trolley pole and Dr. Thomas and his companions were flung out of the machine as if from a catapult. The automobile was reduced to scrap iron by the impact. Dr. Thomas was found to have sustained a fracture of the right leg and to have suffered internal injuries. His body was covered with bruises. Miss Haas and Miss Rogers both were unconscious when found lying in the roadway. The physicians found that Miss Haas would have to undergo the amputation of left leg to save her life.

Two women were killed at the same place last year in an automobile accident.

WANTED TO WAKE ROOSEVELT.

Crank Thinks He Has Invented Submarine Boat.

(By Wire to The Morning Star.)

Oyster Bay, July 8.—An effort on the part of a young man of powerful physique to interview President Roosevelt at 4 o'clock this morning was frustrated by the secret service guard maintained night and day at Sagamore Hill. The caller, whose name has been withheld, but who is a member of a well known and respected New Jersey family, had evidently lost his mental equilibrim through enthusiasm regarding the merits of a submarine boat he claims to have perfected, and which he thought President Roosevelt ought to know about without the slightest delay, in view of the proposed plan to send the battleship fleet to the Pacific.

He came to Oyster Bay in a touring car hired in New Jersey for the trip and in charge of two machinists. The automobile had not climbed half way up Sagamore Hill when it was halted by one of the secret service men, who induced the inventor to turn about and remain in the village until morning. After an interveiew with Secretary Loeb at the executive office this morning he returned to his home, where it is understood he will be cared for.

Complaint was made in Washington yesterday to the Inter-State Commerce Commission by the Florida Fruit and Vegetable Shippers Protective Association against the Atlantic Coast Line Railroad et al, that the rates charged by the defendant lines on citrus fruits and vetables from Florida to northern and eastern points are unjust and unreasonably high. They complain that they are unable to fairly sompete with shipments of fruits and vegetables from the West Indies by sea and they ask the Commission to fix maximum rates on such shipments that shall be fair alike to the railroads and to the shippers.

WHEN BOSTON SHOOK.

An Earthquake That Rocked the City November, 1755.

On November 18, 1755, "a little after 4 on a serene and pleasant night," Boston was roused by an earthquake which lasted nearly five minutes. A writer of the times gives an account of the catastrophe, and Rev. Henry White quotes it in his "Early History of New England:"

One hundred chimneys were leveled to the roofs of the houses and fifteen hundred were shattered in part. The streets were covered with bricks which had fallen. The ends of brick houses were thrown down.

It was first introduced with a noise like several coaches rattling over pavements, or rather like many cart loads of paving stones thrown down. The first motion was a strong pulsation, which threw my house upward. Immediately after a tremor succeeded; then instantly a quick vibration with sudden jerks followed.

The first view I had was of the steeples of the churches, and I was glad to see them standing, but the spindle and vane of Faneuil Hall market were thrown down.

Many persons ran into the streets, shrieking with apprehension of its being the last day or the judgment, and some thought they heard the last trumpet sounding and cried for mercy. The beast creatures lowed, the birds fluttered in surprise, and all the animal creation was filled with terror. Every face looked ghastly, and many knees smote together. Never was such a scene of disaster in New England before.

He Cinched It.

"My boy, I like you, and I want you to marry my daughter, but have you spoken to her mother about it?"

"No, sir."

"Then, to cinch it for you, I'll oppose the match."—Denver Post.

A Troublesome Future.

Nurse—Bridget, come here and see a French baby born in Dublin. Bridget—Poor little darlint! It's a great perplexity you'll be to yourself, I'm thinkin', when you begin shpeakin'!—Punch.

THE ODOROUS ONION.

A Word or Two In Favor of the Pungent Vegetable.

The onion need have no fears. Its position is secure. Born of the lily family, probably in Asia in the faroff centuries, it grows all over the world. It was well known to the ancient Greeks and Romans. It is mentioned in ancient Egyptian writings and in the Pentateuch. When the Israelites in the wilderness grew weary of manna, they sighed for the good things they had left behind, and they distressed Moses when they lifted their voices in weeping and cried: "We remember the fish which we did eat in Egypt freely, the cucumbers and the melons and the leeks and the onions and the garlic, but now our soul is dried away. There is nothing at all, besides this manna, before our eyes." It was not so much the fleshpots of Egypt that they sighed for as the succulent leek, the pungent onion, the odorous garlic. The onion is the Welsh national emblem. In Spain and Italy garlic, which is merely a condensed onion, enters into nearly all dishes of both the rich and poor. The onion thrives in Siberia and in Honduras. It flourishes on the Nile and on the Mississippi. It was a favorite with the Ptolemies of ancient Egypt, and it finds favor with the highest and the lowest in Macon and Charlotte. The lady of Shalott died of a broken heart because she had to give up either onions or her lover. Her lover was one of those finicky fellows who objected to the odor of onions, and she would not give up the shallot. The onion is all right. It never seeks to conceal itself. It is about the only thing in hash in which one can have confidence.—Nashville American.

DISPERSING A MOB.

Efficacy of a Fire Hose or a Stout Rawhide Whip.

"A good stout rawhide whip in the hands of a policeman would be one of the most effective riot breakers I can readily think of," said a police inspector. "There is nothing the average crowd of roughs fear more than a rawhide in the hands of an expert unless, indeed, it is a stream of water from a fire hose. Before the stinging lashes of a rawhide there is no crowd which would not cringe and fade away. Then where there are children in a mob a cop does not want to nail one of the little ones on the head with a night stick. A crack of the whip would be less cruel and quite as effective. It is usually the sharp crack of the lash that does the trick, as much so as the sting. In Russia the clout is used with more deadly effect than the rawhide or blacksnake whip could ever be used. Of course there is danger of putting out the eyes of some one with the cracker of the whip, but then, too, there is danger of breaking some heads when the night stick is applied.

"Did you ever see a crack driver from the rural district handle a long whip? He has it down so fine that he can flick a coin out of your fingers twelve feet away. A policeman could become equally proficient with practice. It would be just the wrinkle in many cases where there is a mob to handle. A whip and a fire hose would make a great battery. The fire in many a rioter has been extinguished by the cold stream from one of those two inch nozzles."—New York Times.

Fear and the Hair.

That fear will cause the hair to stand on end has been known through the centuries, ever since a spirit passed before the face of Job's comforter, Eliphaz, the Temanite, and "the hair of my flesh stood up." At the execution of a horse stealer in 1825 the man's spiritual attendant noticed that when his hands were tied "his hair—long, lanky, weak iron gray hair—arose gradually and stood perfectly upright and so remained for some short time and then as gradually fell down." Cardinal Pacca saw Pius VII.'s hair stand erect from anger, and Ecclesiasticus records that "the talk of him that sweareth much maketh the hair stand upright."

As Others Saw Him.

A day or two ago it fell out that an actor with a purpose was cinematographed on the stage and was vastly pleased with the result.

Said he gleefully to a prominent dramatic critic, "It was the most extraordinary experience I ever went through—actually to see myself acting."

"Now," said the prominent dramatic critic, "you understand what we have to put up with."—Pall Mall Gazette.

Marriages.

Celibacy does not pay. A good marriage is the supreme human felicity, a tolerable marriage is as much as the tolerable majority of people deserve, but even a bad marriage is better than no marriage at all.—Sydney Bookfellow.

Innuendo.

"Charley is so poetical. When I accepted him he said he felt like an immigrant entering a new world."

"Well, he was an immigrant."

"What do you mean?"

"Wasn't he just landed?"—Atlanta Constitution.

Then They Mixed.

"Yaas, de beauty an' chivalry ob Smoketown mingled in de ballroom."

"Mingled, yo' say?"

"Mingled till 'bout 'leven o'clock. Den dey mixed."—Houston Chronicle.

Welsh mothers put a pair of tongs or a knife in the cradle to insure the safety of their children. The knife is also used for the same purpose in some parts of England.

Deaf Dogs Are Rare.

People have been known to excuse watch dogs for dereliction of duty on the ground that the dogs might be hard of hearing. This excuse ought not to go. A veterinary surgeon of Cleveland remarked that in his thirty-five years' experience he had never heard of a deaf dog. His remark led to inquiries among two or three other veterinaries and not one had ever heard of a dog that couldn't hear. When a watch dog or any other dog doesn't hear a man that is prowling about the house it is because it doesn't want to hear. Horses are frequently treated by veterinaries for deafness, and even cats are hard of hearing occasionally, but deaf dogs seem to be unknown in Cleveland at least.—Cleveland Plain Dealer.

The Mohammedan Oath.

Of all the many forms of taking the oath used in the courts perhaps the most picturesque is that which the Mohammedan is required to take. It is a silent ceremony. The son of Islam places his right hand flat upon the Koran and puts the other on his forehead; then he brings his forehead down to and in contact with the book. He then raises himself and looks up steadfastly for some seconds. The officer of the court should then—though he sometimes forgets this—ask the Mohammedan, "Are you bound by the ceremony you have performed to speak the truth?" and the answer is, "I am." In India the ceremony has been abolished in favor of an affirmation.

Milk In Turkey.

In Turkey there is a great consumption of the milk of the buffalo, the common cow, the goat and the ewe, but it is hardly ever used in a natural state. After slow cooling the milk is treated with a ferment taken from the previous day's supply. In a few hours a curd forms which is called yaghoun. The preparation is preferred to milk, and it has a pleasant, clean, acid taste and is, of course, nutritious.

The Happy Family.

Mrs. Scrappington (in the midst of her reading)—Here is an item which says that full grown rhinoceroses cost $12,000 apiece. Mr. Scrappington (meanly)—Eh-yah! And isn't it a pity that women can't wear them on their hats?—Smart Set.

SPIRITS TURPENTINE

—The county board of education of Cumberland county has established three second-class high schools in Cumberland—at Hope Mills, Godwin and Stedman.

—Maxton Scottish Chief: Lightning struck Andrew Revels' hogpen Thursday night last week and killed a twenty-five dollar sow and two shoats, leaving three others unhurt.

—Mr. E. B. Cozart, of Granville county, N. C., is at the Jamestown Exposition showing what is declared to be the largest hog in the world. He is at Pine Beach, Va., and his pig, which is just two years old, weighs 1,460 pounds.

—Newbern Journal, July 7: The largest catch of croakers for a long, long time was made Friday down Neuse river by Capt. Jim Wallace, who fishes for Mr. Albert L. Willis. There were 18,000 fish saved and it is said that as many more could have been caught if the boat had been large enough to have held them.

—Fayetteville, July 7: Sixteen names have been added to the roll of Confederate pensioners of Cumberland since 1906, but nineteen of the old soldiers have passed away, and there are now about 285 veterans and widows of veterans. With the 25 per cent. increase of appropriation by the State and the 1 cent on $100 of property levied by the county fourth-class pensions will be raised from $18 to $24 a year.

—Newbern Journal: A banks pony was seen aboard a boat hailing from Cove Sound Saturday, which was offered for sale, the price asked being $75. This price is a great deal higher than in former years, when they could be bought for $25 to $50 per head, but the breed of the ponies have been materially improved and there is a greater demand for them, for boys and children's use. Very docile and affectionate, they are peculiarly suited for such driving.

—Asheville, July 7: News was received here this afternoon of a homicide in Madison county. The killing occurred yesterday evening about two miles below Marshall. Fidel Phillips, the message stated, shot Allen Henderson three times, inflicting injuries that resulted in death this morning at 6 o'clock. Henderson was sho twice in the stomach and once in the arm. Phillips had not been captured up to this afternoon. It is contended by his friends, however, that the shooting was in self-defense and that the accused will shortly surrender himself to the authorities. The cause of the trouble could not be ascertained.

—Charlotte Observer, July 8: The fame of the Fuller combing gin is spreading if one may judge from an article which appeared last week in The Blytheville, Ark., Herald. The article in question is a description of the gin, and of its work on a quantity of very hully cotton left over from last season's crop and stored in the Phoenix Cotton Oil Company's ginnery in Blytheville. "The gin removes the hulls with ease," says the article "by means of its huller fingers, beats out the dust with the rotary comb, and combs it from the seed with the polished steel needle combs of its combing cylinder." The machine that is being tested was made in Charlotte at the works of the Fuller Combing Gin Company in Dilworth.

—Burlington, July 7: An east-bound freight train on the Southern Railway came to grief ten miles west of Burlington at noon today. Fifteen box cars were thrown from the track and nearly all of them reduced to kindling wood. No one was hurt, but the property damage is considerable. The train was bowling along at a good speed when a box car, for some reason unknown, left the rails. Before the train could be brought to a stop over a dozen cars were jerked from the rails and were piled alongside the track in an indescribable mass of wreckage. The cars were wrecked beyond repair. The east and westbound passenger trains stopped at the scene of the wreck and transferred passengers. The tracks will be cleared for traffic some time tomorrow.

The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires; neatness, clear eyes, clean, smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at R. R. Bellamy's Druggist 50c.

The Seaboard Air Line commencing Friday the 5th, will place on sale coach excursion tickets to Portsmouth Va., account Exposition twice a week, on sale Tuesday and Fridays.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suit of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 8.—The cotton market was not more than moderately active during today's trading and after an opening advance, prices ruled generally easy, with the close steady and at a net decline of 8 to 19 points. Sales were estimated at 300,000 bales. The opening was steady at an advance of 7 to 10 points in response to higher cables than expected and a bullish crop report from New Orleans, estimating a decrease in area of 10 per cent., as compared with last year. But leading bulls seemed to be selling at the advance and the market soon eased off under realizing, liquidation by early buyers and some selling by local professionals. The market steadied up slightly in the late trading, but showed little rallying power with the close at practically the lowest.

Receipts at the ports today, 2,726 bales, against 1,345 last week, and 9,624 last year. For the week, 15,000 bales, against 13,428 last week, and 27,736 last year. Today's receipts at New Orleans, 1,324 bales, against 560 last year and at Houston 517 bales, against 474 last year.

Cotton spot closed steady 10 points lower; middling uplands, 13.40; middling gulf 13.65; sales 900 bales. Futures opened and closed steady.

This is a Safe
Clothing Store
First, because every garment is made of the choicest fabrics in their respective grade.
Next, because prices are always safely lowest.
Last, and most satisfactory, because you can return the goods and get the money back, whether it's the fit, fabric, the color or anything else that induces you to change your mind.
And wonderfully few pieces of clothing come back to us. Perhaps it's because the clothes are so good, the styles so excellent, the fit so carefully formed, and the prices so pleasantly little.

JIM CROW LAWS MUST BE FAIR

Inter-State Commerce Commission Rules on Case of Colored Women.

HER COMPLAINT SUSTAINED

Separating Races Are Constitutional, But Accommodations Must Be Equal Where Like Fare is Paid.

(By Wire to The Morning Star.)

Wshington, July 8.—The Inter-State Commerce Commission, in a decision today in the case of Georgia Edwards against the Nashville, Chattanooga & St. Louis Railroad, held that where a railroad provides certain accommodations for a first class passenger of the white race it is commanded by the law that like accommodations shall be provided for negroes who have purchased first class tickets. It holds that in this case it is manifest that the railroad "has unduly and unjustly discriminated in some particulars against colored passengers, and orders that where that railroad provides a wash bowl and towel in the coaches for white passengers and separate smoking compartments, similar accommodations shall be provided for negro passengers paying similar fare.

The complaintant who had purchased a first class ticket from Chattanooga to Dalton, Ga., was removed from a car for white persons to one for negroes and complained to one for nediscriminated against because of her color and not afforded equal facilities. Commissioner Lace who rendered the Commission's decision, today held:

"The expense of the small smoking compartment in the latter (the car for whites) acounts for nearly all the difference on cost between the two cars." He holds that the broad question of the right under the 13th and 14th amendments of the constitution to segregate white and colored passengers has been upheld by the Supreme Court of the United States. The opinion then continues:

"Accepting these decisions as conclusive upon the constitutionality of such laws, we turn to the consideration of the reasonableness of such a rule when imposed by the carrier; and this we find to have been passed upon by this Commission within a few months of its organization in the case of council vs. Western and Atlantic Railroad Company, which was decided December 3, 1887, and which held this separation may be carried out on railroad trains without disadvanage to other race and with increased comfort to both.

"Again in Heard vs. Georgia Railway Company, decided February 15, 1888, the commission held that the separation of the white and colored passenger paying the same fare is not unlawful, if cars and accommodations equal in all respects are furnished to both and the same cars and the protection of passengers is observed.

"While, therefore, the reasonableness of such regulation as to inter-State passenger traffic is established, it by no means follows that carriers may discriminate between white and colored passengers in the accommodations which they furnish to each. The principle that must govern is that carriers must serve equally well all passengers whether white or colored, paying the same fare. Failure to do this is discriminating and subjects the passenger to undue and unreasonable prejudice and disadvantage."

PLAN TO BUST TRUSTS.

Upon Conviction a Receiver Will Wind Up Their Business.

(By Wire to The Morning Star.)

Washington, July 8.—It is understood that the Department of Justice has adopted a new and highly important plan in conection with its proceeding against the so-called Tobacco Trust. After asking the court to issue subpoenaes to defendants requiring them to appear and answer the allegations contained in the bill, and asking that the monopoly complained of be declared illegal and in violation of the Sherman anti-trust act, the Department in its petition, which probably will be filed in New York within a few days, will ask the court, if in its judgment the interests and the facts as disclosed demand such action that receivers be appointed to take charge of the business and administer it in harmony with the law. Such a course, it is said, if adopted, would require the receiver taking charge of a corporation to administer its business with a view to the gradual disintegration of such monopoly, that is to say, such receiver in administering such business would from time to time be expected to sell and dispose of the different property units composing such monopoly in such a way as to preserve all the essential rights of the stockholders and at the same time ultimately give to the general public the benefit of competition between separate and independent corporations or business. It is understood that this plan has never before been adopted in the prosecution of trusts, but it is more than likely that the same plan will be followed in dealing with the so-called Powder Trust, and such other trusts, if the peculiar facts in connection with each would justify such action.

The Navy Department yesterday finally accepted the battleship Georgia and authorized the payment to the contractors of the reserve fund required by the contractors.

STANDARD OIL GETS COLD FEET

Declines to Offer Any More Evidence in Judge Landis' Court.

FEARS TRAP IS SET FOR IT

Attorneys for Oil Trust Deny Jurisdiction of Court and Filed Statement Declaring Proceeding to Be Most Extraordinary.

(By Wire to the Morning Star.)

Chicago, July 8.—The attorneys for the Standard Oil Company today declined to ubmit any further evidence in the investigation had on Saturday by Judge Landis in the United States District Court. Judge Landis announced that sentence will be passed on the Standard Oil Company of Indiana which was convicted of using illegal railroad rates, on August 3rd.

Judge Landis at the opening of court today said to the attorneys for the company:

"Have you anything to offer on the case prior to the entering of a final order."

"We have a formal statement to make," said Attorney Rosenthal. Mr. Rosenthal read it substantially as follows:

"In answer to the court as to whether the defendant desires to offer any evidence tending to show that the defendant, or the Standard Oil Company of New Jersey, violated the inter-State Commerce law before, I am appearing now for the purpose of answering this inquiry and deny the jurisdiction of the court in the premses and contending that that this entire inquiry is beyond the legal power of the court. The defendant still insisting that the record in this case shows that it is innocent of the offenses charged in the indictment, the defendant desires to say:

"There are in the record no suggestions that this defendant ever before was charged with violating the inter-State Commerce law.

"For the defendant now to assert its innocent of matters that it is not charged with or attempt to show that it has been innocent of wrong doing in connection with matters outside of the records of this case would present a situation unheard of in Anglo-Saxon jurisprudesence."

The statement claimed at length that the court has no right to go outside the record of the case in considering the penality to be meted out. The statement then concludes:

"If the occasion shall ever arise in an appropriate proceeding where this defendant can without any waiver of its legal rights subject itself to the question of having heretofore violated the inter-state commerce law it will certainly appear that since passage of the law there has been no violation of its provisions by either the Standard Oil Company, of New Jersey or the Standard Oil Company of Indiana."

Through the reading of the statement Judge Landis listenened with apparent interest and when concluded said abruptly:

"The final order in this case will be entered Saturday, August 3rd. Call the next case."

John D. Archbold, vice president of the Standard Oil Company of New Jersey, H. E. Felton, president of the United Tank Line, C. M. Pratt, secretary of the Standard Oil Company, and F. Q. Barstow, the assistant treasurer, were in court during the proceedings.

ROCEFELLER WATCHES GOLF.

Followed Players All Over Field at His Ohio Home.

(By Wire to the Morning Star.)

Cleveland, O., July 8.—John D. Rockefeller, the Standard oil magnate, celebrated his 68th birthday today by watching the play for the Olympic cup on the Euclid Club links. Shedding his coat, rolling up his trousers and jamming his soft straw hat firmly on the back of his head, the man reputed to be the richest in the world, trudged along in the midst of a crowd of golf enthusiasts watching the play of Walter J. Travis and W. C. Fownes. He applauded their good plays, expressed sorrow for their lead shot and in general enjoyed himself to the full in observing the play of these two crack amateurs. No secret service men accompanied him. Almost unobserved he joined the gallery following the Travis match at the ninth green and trudged along with them over the last nine holes. He was particularly interested in the play of the veteran Travis.

"Why don't you play in the tournaments?" asked a newspaper man.

"Oh, I am getting too old, my boy, getting too old," said Mr. Rockefeller.

"Its too much of a nervous strain."

"Well, Travis is in the game pretty late in life," commented the newspaper man.

"Yes, that's true," said Mr. Rockefeller, and then added, "That's an argument in favor of us veterans, but he is not so old as I am."

The he pulled off his coat and followed along.

Long Live The King.

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quckly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. EX-MAYOR SCHMITZ GETS FIVE YEARS

Dramatic Scene in San Francisco Court When Sentence Was Passed.

BOODLER WAS DEFIANT

Interrupted Judge and Told Him He Was There to Take Sentence and Not Lecture—Judge Dunne Rasped Lawyer.

(By Wire to the Morning Star.)

San Francisco, July 8.—Mayor Eugene Schmitz, convicted of extortion, was today sentenced to five years in the penitentiary. The sentence followed the recent conviction of Schmitz for extorting $1,175 from French restaurant keepers of San Francisco.

As the last words fell from the judge's lips the great crowd that had stood throughout the dramatic scenes, sent up a thunderous cheer. "Good for you," shouted a man in the back of the room. His ejaculation was echoed and re-echoed by one after another of the spectators.

Judge Dunne, in pronouncing sentence on Schmitz, said:

"It can be said that the verdict of the jury in this case had a deeper significance than ordinarily attaches to the finding of guilt. It is a message to all the people in the city of San Francisco that law and order are supreme; that no man, however exalted his station or how strong and powerful the political, social, and financial influence which surround him, is above the law. Eugene E. Schmitz, you have heretofore occupied the highest office which the city of San Francisco can confer on one of its citizens. You were elevated to that position because of the confidence and trust reposed in you by the mass of the ——"

"I am here," interrupted Schmitz, in a voice, though quiet and controlled, that carried to the far corners of the room, "to receive sentence at your hands—and not to be humiliated by a lecture which the newspapers can repeat in print."

Judge Dunne paid no attention to the interruption. "You were elevated to that position, I say, because of the confidence and trust reposed in you ——"

Attorney Metson interposed: "We are here to take sentence; not to be lectured. We ——"

"Mr. Watson," said Judge Dunne, warmly, "if you interrupt these proceedings again, I will send you to jail. You would be in far better business if you were here begging for a day in court to answer the charge that you wilfully and improperly attempted to tamper with a juror in this case."

Turning to Schmitz, Judge Dunne resumed:

"You were elected to position because of the confidence and great trust reposed in you by the mass of the people. You have by your wilful criminal act, so the jury of your fellow citizens declared, broken that confidence and betrayed that trust."

Here Schmitz again protested against the "lecture."

Judge Dunne took no notice.

"Therefore," the judge continued, "it may be said that the penalty which the law permits in this case is sufficient to meet the demands of justice. It may be suggested, however, that by your conviction you will lose the respect and esteem of all good citizens, and that you will suffer the humiliation of knowing that your career of hypocrisy, duplicity and dishonor ——"

"I stand here as an American citizen to demand my rights," interrupted Schmitz. "I'm not asking any leniency at the hands of this court. I am prepared to receive sentence. I ask your honor to do your duty and pronounce it immediately, and that I be not subject to the humiliating and degrading remarks which the papers are copying, and will print. I say, if your honor has any self-respect, you will proceed with the sentence."

"It is not unusual," was Judge Dunne's reply, "for courts to be brought into contact with such brazen acts of effrontery as yours in the present instance. It is the duty of the court in such cases to view the conduct of a convicted felon with patience and toleration, not to say pity. By your conviction you will lose the respect and esteem of all good men and citizens. You will suffer the humiliation of knowing, I say that your career of hypocrisy, duplicity and dishonor has been exposed, and that you stand, before those who believed in and honored you, morally naked, shamed and disgraced."

"I deny that," cried Schmitz. "The people of San Francisco know how I was railroaded through."

Judge Dunne resumed:

"Morally naked, shamed and disgraced. It is in the knowledge of these things, rather than in any mere term of imprisonment in a State penitentiary, that the full measure of your punishment may be found. It is the judgment of this court that you be confined in the State penitentiary at San Quentin for a term of five years."

Judge Dunne continued for one week the four extortion cases on which Mayor Schmitz has not yet been tried.

Immediately after the passing of sentence, Attorney Fairall asked that Schmitz be admitted to bail, pending an appeal. This application will be heard formally tomorrow. Bills of exceptions were then filed and Judge Dunne granted a certificate of probable cause, enabling Schmitz to carry to the Ditstrict Court of Appeals his motion for a new trial.
